## FRESH HERB & SPICE PUREES

Our single herb purees are very fine purees made of the fresh leafy greens and stems of the plants. They contain more than 50% of high quality by-product. The spices are acquired from the other parts of the plant – the roots, stems, bark, and seeds. We are also very proud of our herb & spice mixes. In a small dose, you can bring a world of different flavors to your dishes.

## SUPER VEGETABLE PUREES

At first sight, these are the most classic ingredients of our product range. But our high quality sources in combination with our technologies transform them to uncomparable solutions. The difference between processing vegetables purees yourself or just being able to use a ready made one is a gamechanger for your production. Using pellets makes it even more convenient by making way with weighing and portioning.
