

FRESH HERB & SPICE PUREES

Our single herb purees are very fine purees made of the fresh leafy greens and stems of the plants. They contain more than 50% of high quality by-product. The spices are acquired from the other parts of the plant – the roots, stems, bark, and seeds. We are also very proud of our herb & spice mixes. In a small dose, you can bring a world of different flavors to your dishes.
