HEALTHY & HANDY

In frozen drops

New or forgotten and now rediscovered. This range of superfoods & medicinal herbs caters to the quest for authenticity & healthy lifestyle, which has become a driving force in our daily lives in general but even more so in the food sector. Boost your smoothies, drinks & bowls with these natural ingredients and provide an answer to the original quality your clients are looking for.

FORGET ABOUT POWDER

Super foods and herbs after powdering lose many important sensorial and nutritional properties. We make every effort to ensure that our products keep as many of them as possible.

LOCALLY GROWN

No vague Chinese grown wheatgrass or spirulina. Our products are harvested organic & harvested locally.

CUSTOMISE TO YOUR PREFERENCE

Cheers for health! Just add some drops to your shake and enjoy your drink full of colour and nutritional properties.
