

## CUBE

Cube is a company that creates and inspires. Our goal is to help customers and consumers make food healthier, more accessible & better. We produce frozen drops for a wide variety of applications, countries and customers. Our drops can be used as ingredients for other companies such as sauces for vegetables or toppings for pizza. But they can just as well be end products, such as ready-made breakfast bowls, cold mixed drinks such as Frappuccinos, or drops to flavor your water. Our customers are mainly located in Europe, the United Kingdom and Dubai and we invest abroad. Knowledge and creativity form the basis of what rolls out of the factory every day.

Our CUBE culture stands for: collaboration, providing opportunities, building trust, pursuing sustainability, customer-oriented actions, passion in what you do.

Take a look at our websites [www.cubenv.eu](http://www.cubenv.eu) and [www.foodservice.cubenv.eu](http://www.foodservice.cubenv.eu) and you will feel what CUBE stands for.

CUBE is located just 6 km from Bruges and 5 minutes from the Oostkamp highway exit.

### To strengthen our team, we are looking for a **PRODUCTION PREPARER**

#### **Your Role:**

As a production preparer you are responsible for preparing preparations for production. This means that you unpack, weigh and prepare the ingredients for preparation according to the prescribed method and quality standards and according to the recipe.

#### **About you:**

- You are a team player who communicates respectfully, but at the same time you are willing to work independently and take responsibility.
- You preferably have experience in the food industry.
- A thorough HACCP knowledge is a plus.
- You are accurate, quality-conscious and want to get honor from your work by delivering a high-quality product.

- You have no problem doing both bulk and fine work
- You can understand, read and write Dutch and/or English fluently.
- You are flexible to a 2-shift system and have no problem working in an environment of 8-10°C, as well as in a freezer or refrigerator for a short time.

**Our offer:**

- A family-oriented company, where everyone still knows each other and enjoys working together.
- An innovation environment with a lot of variation and where new products are a given.
- Support in your personal & professional development
- No car traffic jams: 10 minutes from the center of Bruges, 5 minutes from the E40 motorway exit Oostkamp
- A competitive & market-based salary in line with your experience & performance.

**Selection procedure:**

We are looking forward to receiving your motivation & CV via [jobs@cubenv.eu](mailto:jobs@cubenv.eu).

For more information, you can call Peter-jan Catryse at 0032 50 275 800.

Obviously, we will treat this confidentially.

Furthermore, you can count on quick & straightforward feedback from our side.
